GAME DESCRIPTION

Slam Dunk is a 2 player non-competitive coin pusher game. The player inserts a coin into a coin mechanism which flips the coin in to the playfield. The object of the game is to time the dropping of the coin entry with the line up of the baskets, which are moving from left to right. A coin flipped into a basket awards bonus winnings. Coins which are pushed off the playfield also convert into player winnings.

CONDITIONS

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately in the form of tokens or tickets.
- 3.) The playfield shall be clean and free of debris that may interfere with game play.
- 4.) The device shall not have a lose chute. Should lose chutes be available, the lose chutes on any part of the playfield shall be closed down to prevent the loss of a coin.
- 5.) Game shall be clean and free of debris.
- 6.) Game shall be installed and maintained according to manufacturer specifications.

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
